FIRST CHIEF OF THE CONSTITUL TIONALISTS PREDICTS FUR-THER FIGHTING.

Reported Carbajal and Diaz Are Ready to Support VIIIa, While Funds Are Provided by Others.

Washington. - General Carranza predicted further fighting in Mexico, according to official advices to the State Department. The first chief explained to diplomats, who gathered at his request, that Zapata had refused to attend or send delegates to the National convention called for October 1 and that his forces were active in the South. He also described events leading up to the rupture with General Villa, saying the blame for further bloodshed would be Villa's as his own troops would act only on the defensive.

Official information has come to the Washington Government from General Funston and others that Zapata and Villa are working in harmony against Carranza and expect the support of former Federass. One of Villa's chief demands has been that certain officers who supported Huerta be taken into the new National army, but Carranza has given such officers no guarantees. Already it has been reported that Francisco Carbajal, former provisional president, and General Felix Diaz are

ready to support Villa. General Hugh Scott, assistant chief of staff of the army and formerly in command on the Mexican border, has received a pathetic letter in this connection from General Francisco Castro, the aged general just released with Mexican Federal troops who crossed the border after the battle of Ojinaga and were interned in Texas. General Castro wrote that after 40 victed of grand larceny through the years service in the Mexican army, wire-tapping game was sentenced to during which he worked hard to gain every promotion and has not a blot John D. National Prayer Day For Peace

Sunday, October 4, 1914

President Woodrow Wilson, by proclamation, has appointed Sunday, October 4, a national day of prayer for peace in Europe and called upon all God fearing persons to gather in church on that day and petition Almighty God to heal again and restore once more concord among men and nations. The proclamation follows:

Whereas, Great nations of the world have taken up arms against one another and war, now draws millions of men into battle whom the counsel of statesmen have not been able to save from the terrible sac-

"Whereas, In this as in all things it is our privilege and duty to seek counsel and succor of Almighty God, humbling curselves before him, confessing our weakness and our lack of any wisdom equal to these

"Whereas, It is the especial wish and longing of the people of the United States, in prayer and counsel and all friendliness, to serve the cause of peace,

"Therefore, I, Woodrow Wilson president of the United States of America, do designate Sunday, the fourth day of October next, a day of prayer and supplication and do request all God fearing persons to repair on that day to their places of worship, there to unite their petitions to Almighty God, that, overruling the counsel of men, setting straight the things they cannot govern or alter, taking pity on the nations now in the throes of conflict, in his mercy and goodness showing a way where men can see none, he vouchafe his children to heal again and restore once more that concord among men and nations without which there can be neither happiness nor true friendship nor any wholesome fruit of toil or thought in the world, praying also to this end that he forgive us our sins, our ignorance of his holy will, our willfulness and many errors, and lead us in the paths of obedience to p'aces of visions and to thoughts and counsels that purge and make wise."
